

May 4, 2017

Immediately following the tragic events of April 23, the Norplex Pool was closed to the public and investigations from multiple agencies were undertaken, including the Royal Canadian Mounted Police, Manitoba Public Health, and an internal investigation by the City of Thompson.

An inspection completed by Manitoba Public Health on April 29 cleared the Norplex Pool to reopen as per *Manitoba Regulation 132/97*. The facility will resume operation on Monday, May 8.

We would like to assure residents that safety is paramount for the City of Thompson: Our staff and facilities have our full confidence.
