

# Community Clean-up Waste Disposal Week

Monday, June 5, 2017 - Saturday, June 10, 2017

As part of our annual Community Clean up, the City of Thompson will be **waiving the tipping fee** for **1/2 Ton, Single Trailer, and Double Trailer residential loads** at the City of Thompson Waste Disposal Grounds during the indicated dates.

The week is a great opportunity to remove general debris and unwanted materials from residences, and ensure your property is in line with the City of Thompson's property standards.

Please note that fees are waived for **regular residential waste only**. Fees for commercial dumping, as well as additional fees for special waste (mattresses, fridges/freezers, propane tanks, etc), will continue to be applied.
