

Community Open House

Motocross Club - Off-road Park

In partnership with the Northern Manitoba Off-Road Association, the City of Thompson will be hosting an open house to discuss the formation of a community motocross club, focused around the off-road park south of Thompson. We hope to provide motosport enthusiasts with a safe and unobstrusive facility while enhancing the possibilities for skills and community development.

We encourage all interested residents to come and discuss their concerns and desires for the future club and its role in the park. We are also seeking potential active members who are willing to help make this club a reality.

The session will be hosted at the following time and location:

VRCC Multipurpose Room

June 20, 2017

7:00pm
