

# Cemetery Clean-up and Maintenance

The City of Thompson will be conducting landscaping and maintenance of the cemetery as of August 16, including the re-sodding of several sections of grass on the cemetery grounds.

In order to conduct this work, all non-conforming decorations as outlined by City of Thompson Cemetery Bylaw 1925-2015, Section 55 and 56 must be removed by August 23.

Non-conforming decorations not picked up by residents by August 23 will be catalogued and stored by the Parks, Culture, and Recreation department according to the plot number. Residents who were unable to collect these decorations by August 23 will be able to collect them at the VRCC.

For further questions, please contact our Recreation Facilities Manager at 204-677-7955.
